Dear John,

25X1 Feel free to quote from any of my speeches or articles.
I'm sure [] will help you find any that are not
readily accessible to you.

I have enclosed a copy of my "Missions of the U.S. Navy"
and "Concepts of Naval Operations to Counter the Soviet Threat
in the Mediterranean" articles as they both contain my thinking
on naval warfare. Ken Booth's article, "Navies and Foreign
Policy," is a good source document to other writers on naval
warfare which you may find useful.

It was great to see you last week. Hope all is going
well and that you and your family have a very happy Christmas
and rewarding New Year.

Yours,

STANSFIELD TURNER
